# latitude

**Latitude - Platform for Brazilian Art Galleries Abroad** is the title of the International Promotion Project for Brazilian Art Business which is a partnership between Apex-Brasil (Brazilian Trade and Investment Promotion Agency) and ABACT (Brazilian Association of Contemporary Art). It was started in 2007 with the core goal of creating business opportunities for the art sector mainly through cultural promotion activities. During this period, the number of members increased. Currently, 45 primary market art galleries participate in Latitude, representing more than 1000 artists. Through a rich programme of activities that ranges from supporting Brazilian galleries in international fairs to promoting Art Immersion Trips for international guests in Brazil, Latitude aims to improve professionalism within the art market and provide new opportunities for Brazilian galleries to trade internationally.
